1. The first part of the paper is devoted to a review of the literature on the topic of the role of the state in the development of the economy. It is found that the state has played a significant role in the development of the economy in many countries, particularly in the case of developing countries. The state has been able to mobilize resources, create infrastructure, and provide social services, all of which have contributed to economic growth. However, the state has also been criticized for its inefficiency, corruption, and lack of transparency. The paper argues that the state should continue to play a role in the development of the economy, but that it should be reformed to make it more efficient and transparent.

Report

FOR THE YEAR ENDING DECEMBER 31ST, 1938

————:0:————

THE Committee of the Bristol General Hospital submit their 107th Annual Report to the Governors, together with the Audited Accounts for the year 1938.

Before proceeding with the Report your Committee desire to record with sincere regret the serious illness which befell their Chairman, Mr. Herbert M. Baker, in the month of July. His valued guidance of the Committee since 1908 has been sorely missed and it is sincerely hoped that he will be restored to health once more and again give of his time and long experience, as he has unstintingly done for so many years, for the welfare and well-being of the Hospital.

The excess of Ordinary Expenditure over Ordinary Income was £20,415, compared with £15,776 and £14,956 in the two previous years. The result is that the Bank overdraft has been increased to the alarming sum of £55,789.

The average number of beds in daily occupation was slightly less than in the previous year, due entirely to the effect of the reduction in the number of beds in Dod and Guthrie Wards which since 1937 have been specially set apart for the treatment of Radiological cases. This also affected the total number of admissions which were 16 less than during the year 1937, and the average period of residence of each patient was 16·56 days as compared with 16·63 days. The average cost per bed occupied increased from £174 13s. 1d. to £178 0s. 7d., which is chiefly due to increased prices of certain articles of consumption, additional Nursing staff and to a full year's work in the new Joint Radiological Department. The cost per In-patient completed has in consequence risen from £7 19s. 3d. to £8 1s. 3d.

During the year the work of the Hospital has been carried on under great pressure and it has frequently been difficult to provide accommodation for the urgent cases requiring treatment. There is a long list of patients waiting for admission which is a matter of much concern, but it is most satisfactory to note that the list tends rather to remain stationary than to increase.

The new Joint Radiological Department has now completed a full year's work and during this period some 489 patients were referred for examination. Of this number 425 received treatment and the

majority derived much benefit therefrom. At the close of the year there were about 130 patients waiting for either In- or Out-patient treatment. During the year the Department was extended by the addition of a Chaoul apparatus, generously presented to the Joint Department by the Council of the British Empire Cancer Research Campaign, and this addition to the equipment will materially help in reducing the list of patients waiting for treatment. It was also decided further to extend the equipment of the Department by the installation of a second High Voltage Therapy Set which it is hoped will be available for use early next year. The cost of this new apparatus and the necessary structural alterations, etc., in the Department will entail a capital outlay of approximately £5,000.

It must, however, be emphasized how costly the work of the Joint Radiological Department is, and while it is hoped some financial assistance may be forthcoming under the provisions of the new Cancer Bill, much more will be required to meet the heavy demands made on the Department, and contributions towards this work of national importance will be very gratefully received. In the last Annual Report of the National Radium Commission, it was stated, "there is every prospect of the Centre becoming one of the most important in the country"—this, however, can only be achieved provided adequate financial assistance is forthcoming.

The Joint Committee of Representatives from the Bristol Royal Infirmary and the General Hospital has held many meetings during the year in connection with the proposed amalgamation of the two institutions and the scheme for complete amalgamation has now received the approval of the Charity Commissioners and it is anticipated an order will be received from them early in 1939 implementing the amalgamation.

The financial position of the Hospital continues to cause the greatest concern to your Committee and, as before mentioned, the overdraft now stands at the large figure of £55,789, a sum considerably in excess of the available capital reserves which have had to be drawn upon for many years past to meet the recurring annual deficits on account of ordinary income and expenditure.

The General Hospital is by no means the only one in Bristol finding itself in such financial difficulties and as mentioned by your Committee in their Report for the year 1937, the Joint Committee of Hospital Representatives has, throughout the year under review, engaged in an earnest endeavour to bring about the establishment in Bristol of a unified Contributory Scheme capable of producing the additional revenue which the Joint Committee believes can be obtained from such a source and which has been proved possible by the experience of other provincial cities. Your Committee is hopeful that the deliberations of the Joint Committee will now result in the setting up of such a Contributory Scheme in the very near future.

The arrangements referred to last year in connection with the extended Midwifery Services have worked very smoothly during the year, and the large increase in the numbers of patients attended is evidence in itself of how much the services of the Hospital midwives are appreciated.

The effect of the new regulations of the Central Midwives Board has now been realized not only in the newly constituted Bristol Centre, but throughout the country generally, and is causing the greatest anxiety as to the future. Very few candidates have entered for training, and so serious is the position considered to be by the Joint Midwifery Committee for the Bristol Centre, that a deputation met the Secretary to the Central Midwives Board in London to place certain facts and suggestions before him for consideration by his Council in the hope that a solution of the difficulties might be found.

During the National emergency in September your Committee made arrangements to meet any call that might be made upon the Hospital for the reception of military and civilian casualties, and are now preparing to carry out any requirements of the Ministry of Health in connection with Air Raid Precautions which may be deemed necessary to safeguard as far as possible the Hospital buildings, and to provide accommodation for casualties in the event of an outbreak of hostilities.

During the year the Officers and the whole of the Nursing Staff received a course of lectures in Air Raid Precautions.

The Queen Victoria Jubilee Convalescent Home received 817 patients during the year, and your Committee is grateful for this assistance in relieving the pressure on the Hospital beds.

Mr. C. A. Harrington Fry resigned his office as Vice-Chairman of the Committee, a position he has ably filled since 1932. Your Committee desire to extend to Mr. Fry their grateful thanks, and at the same time to welcome Mr. F. M. Burris who has been appointed to succeed him.

Your Committee is pleased to report that an arrangement was sanctioned by the Joint Amalgamation Committee whereby the staffing of Southmead Hospital would be undertaken by members of the Honorary Staffs of the Bristol Royal Infirmary and the Bristol General Hospital, an arrangement which it is hoped will lead to greater co-operation between the Voluntary and Municipal services in Bristol.

During the year your Committee has investigated the possibility of reducing the time that patients are required to wait for treatment in the Out-patients' Department, and it is hoped that it may shortly be found possible to institute a system of appointments. As a first step towards this end a reception clerk has been appointed to deal with the registration of all patients applying for treatment.

Your Committee has sanctioned expenditure during the year for

providing a mixing machine, slicing machine and grills for the kitchens, an oxygen tent for use in the wards and a cold storage chamber for the Pathological Department. A very welcome gift of a water boiler for the Nurses' dining room has also been received from Mrs. F. C. Burgess.

In view of the impending amalgamation of the Bristol Royal Infirmary and the Hospital your Committee decided, when making certain new appointments necessitated by changes in the staff, to become affiliated to the Federated Superannuation Scheme for Nurses and Hospital Officers, and this became operative in respect of the new appointments as and from the 1st October.

Your Committee regrets to report the death on September 20th of its Vice-President, Mr. Albert M. Fry, and desire to place on record their appreciation of his interest in and his many benefactions to the Hospital.

During the year Mr. E. A. Wagstaff resigned his appointment as Assistant Secretary on his appointment to a similar post at the Norfolk and Norwich Hospital and your Committee promoted Mr. R. F. Lovett from the Secretary's staff to fill the vacancy.

Appointments and re-appointments were made by your Committee during the year as follows :—

Dr. A. T. SPOOR, Medical Officer-in-Charge, Physiotherapy Department.

Dr. J. V. BLACHFORD, Medical Officer-in-Charge, Out-patient Mental Clinic.

Professor T. F. HEWER, Honorary Pathologist.

Mr. F. R. HOGGIN, Honorary Assistant Dental Surgeon.

Independent Workpeople's Schemes have contributed a sum of £2871 in addition to payments of £2902 towards the cost of the maintenance of members receiving either In- or Out-patient treatment, and your Committee again extend their thanks to them for their valued help.

Your Committee would also express their thanks to the Bristol Medical Institutions Contributory Scheme for contributing £3385 and making payments amounting to £3502 in respect of members of the Scheme who received treatment in the wards and Out-patients' Department of the Hospital.

The thanks of your Committee have also been extended to Mr. E. Gwynne Vevers, the Chairman, and to the Committee of residents of Horfield for continuing to hold the Annual Carnival in aid of the Centenary Endowment Fund from which a further sum of £650 was received during the year, making the total amount received from this source during the past six years £3422 10s. 0d.

The Ladies' Needlework Guild held their Annual Exhibition of Work at the Hospital on November 3rd, when 5971 articles and £401 12s. 0d. in subscriptions were presented to the Hospital, and the grateful thanks of your Committee have again been extended to the members of the Guild for their continued and greatly valued help. The employees at the factories of Messrs. W. D. & H. O. Wills, Messrs. Mardon, Son & Hall, and Messrs. Franklyn Davey & Co. have continued to render assistance to the Guild by attending at the Hospital to undertake the repair and provision of bedding, linen, etc., and again your Committee have expressed their thanks to them, as also to the members of the Ex-83rd Bristol Company of Rangers and friends for their

weekly attendance at the Hospital to assist in the preparation of surgical dressings, etc.

The work in the Almoner's Department has continued to extend and to be of the utmost value, and in connection therewith the aid of the Samaritan Fund is gratefully acknowledged for the help given to necessitous cases after leaving the Hospital. In order to cope with the increasing work in this Department your Committee appointed Miss S. T. Hart, M.A., as a second Assistant Almoner. A report on the work of the Department will be found in detail on page 23.

During the past year eligible candidates have not been applying for training in the Nursing profession so freely as in the past and this no doubt is due largely to the conditions of service referred to by your Committee in their Report for the year 1937. Many suitable candidates have been lost because of the institution by the General Nursing Council of the Test Educational Examination, and your Committee is not alone in condemning the action of the Council in placing such a restriction on the recruitment of the necessary personnel to staff voluntary and other Hospital services at a time when many more trained nurses are required, and when other occupations offer more congenial conditions of employment with greater freedom to participate in outside interests.

The report of the Inter-departmental Committee on Nursing Services, so eagerly awaited by all those associated with this question, will, it is hoped, provide a solution to many of the problems which the present shortage of candidates has raised.

Your Committee recently decided to allow the Nursing Staff, when off duty during the evening, to return at 11 p.m., if they so desire, without the necessity of obtaining permission as in the past. Arrangements have been completed for the provision of additional staff to give relief during the long hours of night duty and each night nurse now has two hours off duty for meals and rest. Also two additional staff nurses have been appointed to lessen the strain and responsibility of the nurses in training.

With a view to reducing as far as possible the time given by the probationers to preparation for examinations, it has further been decided to reorganize the Hospital examinations upon the lines of the requirements of the State examinations, and it is hoped this reform will relieve the nurses in training of a certain amount of study.

With the ever increasing demands for shorter hours of duty and additional staff for special departments, etc., the accommodation available for the nursing staff for some time past has been sorely strained and new accommodation will have to be provided before any additions to the staff can be contemplated.

The resignation was received of Miss F. Baldwin, Assistant Matron, on her leaving to be married, and your Committee promoted Miss I. Marlow, the Sister Tutor, to fill the vacancy.

During the year 186 applications for training were received, and 24 candidates were selected and entered the Preliminary Training School for the eleven weeks course. All of these passed the qualifying examination and entered the Hospital wards for the three years' training, while six nurses were accepted for the two years' course of training.

In the **State Examinations** 26 candidates passed the Preliminary and 30 the Final examination, 30 nurses completed their training, of whom 14 were retained in the Hospital for staff duties, 12 joined the private Nursing Staff and 4 left for private reasons.

The **Annual Nurses Prize-giving** was held at the Hospital on December 9th, when Lady Apsley kindly presented the following medals and prizes : Gold Medal and Special Prize, presented by Mrs. Claude Fry, Nurse Dora H. Webber ; Silver Medal, Nurse Kathleen S. Davison ; Certificates of Efficiency, Nurses Ethel M. Read, Lucy N. Knapp.

Prizes for the Hospital examinations : Medical Nursing, Nurses Lucy N. Knapp, Sybil J. Hilliar ; Surgical Nursing, Nurses Ethel M. Read, Lucy N. Knapp and Olive Collyer ; Anatomy, Nurses Janet I. Webber, Doris L. Pile ; five Special Prizes, presented by Mr. Robert Cooke, Nurses Joan M. Green, Violet M. Herridge, Rita M. Guise, Kathleen M. Hirst, Daisy C. Crook ; Physiology and Hygiene, Nurses Margaret L. Malahar, Kate E. Cox and Violet E. Herridge ; Practical Nursing, Nurses Margaret Harris, and Mary Adams.

JOINT RADIOLOGICAL DEPARTMENT

1938

During the past year several changes have taken place in this Department. Four new rooms have been taken over to deal with the increasing number of X-ray treatments. These newly appointed rooms consist of :—

1. A room containing two Chaoul Low-voltage Near-distance X-ray tubes.
2. A room to accommodate the Superficial X-ray Therapy apparatus.
3. The other two rooms will hold a new 220 kv. apparatus together with the present Deep-therapy plant.

The Deep-therapy and Superficial plants are being moved in accordance with the Committee's scheme for the expansion of the Department and to keep all the apparatus near together to facilitate working.

The Staff of the Department has been strengthened by the addition of a part-time Physicist.

The 489.28 mg. of radium loaned by the Radium Commission is still available at the Joint Department in addition to the 420 mg. owned by the Hospital and the 200 mg. by the Royal Infirmary—a total of 1109.28 mg. National Radium is not available for hire outside the Institution. Radon can be obtained from London when required.

HOSPITAL RADIUM is available too for use outside the Hospital, subject to the following rules and payment of fees as set out hereunder.

RULES FOR USE OF HOSPITAL RADIUM.

1. The use of the Radium in all cases outside the Hospital shall be confined to the Members of the Honorary Staffs of the Bristol General Hospital or of other Hospitals.

2. All details in connection with the issue and receipt of the Radium, both inside and outside the Hospital, shall be in the hands of the Secretary in conjunction with the members of the Staff Radium Sub-Committee, and no Radium shall be in use without a complete record of the same being completed first in the Secretary's Office.

3. The Bristol General Hospital and the Honorary Staff shall have first claim on the use of the Radium. Discretionary powers shall be allowed to the members of the Staff Radium Sub-Committee in deciding on the urgency of cases as to its use inside or outside the Hospital.

4. When in use, Radium must never pass out from the direct charge of a Medical Practitioner or a qualified Nurse, except while in postal transit, when it must be fully insured against loss.

Almoner's Report.

The year 1938 shows a decrease in the number of Patients admitted and the total amount of the receipts shows an increase in the money received by and on behalf of the Patients.

Valuable contributions have been received from the Contributory Schemes (*see* page 26), and individual Patients have been generous in giving towards the cost of their maintenance. There has been a larger number of free Patients due to the fact that there is still a great deal of unemployment in Bristol, and there are also a considerable number of Patients who are not yet members of any Contributory Schemes.

The After-Care and Social Service for the Patients has increased. 817 Patients have been sent to the Queen Victoria Jubilee Convalescent Home, and a larger number than ever have been sent to other Convalescent Homes, including the Royal West of England Sanatorium, Weston-super-Mare.

Since Miss Hart's appointment in July, 1938, the After-Care work in the Radio Therapy Department has been extended. Patients

coming to this Department often need help with fares and extra nourishment. Patients living out of Bristol who are not ill enough to be admitted have been sent to the Home of Rest in Upper Belgrave Road while attending the Hospital for their treatment in the Radio Therapy Department. All Patients in this Department have to be seen about arrangements for payment.

- 424 Patients have been sent to other Convalescent Homes.
- 243 Patients have been supplied with Appliances.
- 224 Patients have been given help for Fare, Food, or Clothes.
- 404 Patients have been supplied with Dentures.

(See page 25)

The Samaritan Fund of the Hospital has collected £214 13s. 9d. for help with convalescence, fares, extra nourishment, etc.

This fund is used to obtain help in emergencies for the assistance of Patients who are in need, and are not eligible for help from other sources. This help is invaluable, and special thanks are due to the Samaritan Fund Committee for their help and interest.

A separate report of the Samaritan Fund and After-Care work has been published.

**** The Subscribers are respectfully requested to pay particular attention to the following extracts from the*

Rules of the Institution.

Annual Subscribers of Two Guineas and upwards, the amount being a personal and not a collective subscription, shall be Governors of the Hospital, and be entitled to recommend two In-patients and six Out-patients in the course of a year, and for every additional such subscription of One Guinea shall be entitled to recommend one additional In-patient and three additional Out-patients.

Annual Subscribers of One Guinea shall be entitled to recommend three Out-patients during the year.

Clergymen and Ministers of any denomination obtaining donations of Five Guineas and upwards in any year to the Hospital shall be Governors for that year.

Every Clergyman and Minister of any denomination making or authorizing collections to be made in his Church or Chapel, for the benefit of the Hospital, shall be entitled to a number of Recommendation Notes of Admission during the current year according to the following scale :—

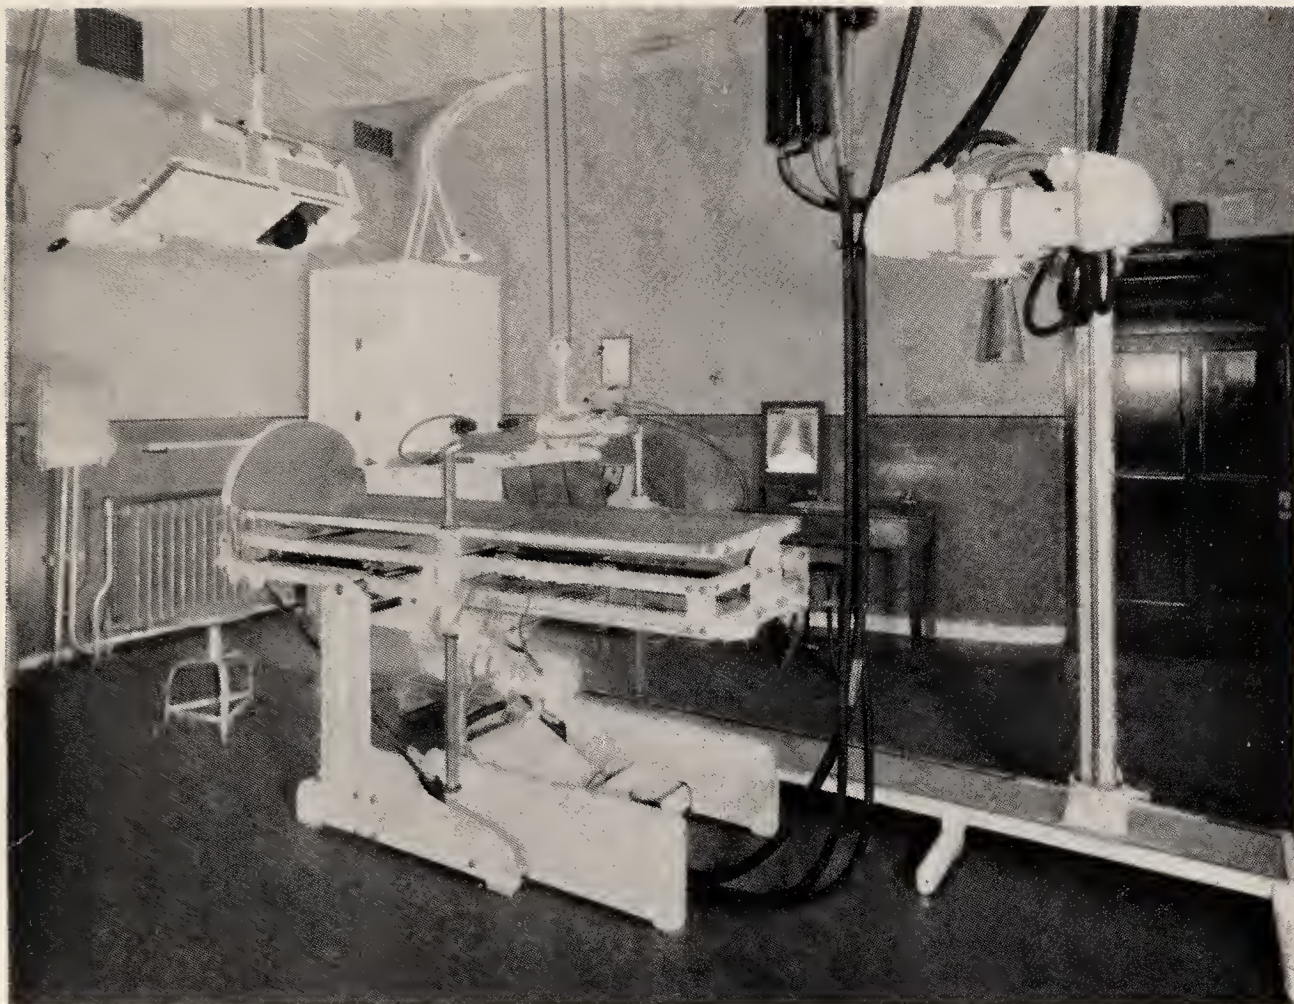

For every collection of £5 5s. and		1 In-patient Note and
under £10 10s.	}	6 Out-patient Notes.
„ „ „ £10 10s. and		2 In-patient Notes and
under £15 15s.	}	12 Out-patient Notes.
„ „ „ £15 15s. and		3 In-patient Notes and
under £21	}	18 Out-patient Notes.
„ „ „ £21 and upwards	}	4 In-patient Notes and
		24 Out-patient Notes.

Any body of Workmen making donations shall be entitled to Notes of Admission according to the scale for Annual Subscribers.

Subscribers shall have the option of exchanging each In-patient Note for three Out-patient Notes, and *vice versa*.

Donors of Fifty Pounds and upwards in one sum shall be Life Governors, and have the privileges of Annual Subscribers of Four Guineas and upwards ; Donors of Thirty Pounds in one sum shall be Life Governors, and have the privileges of Annual Subscribers of Two Guineas ; and Donors of not less than Fifteen Pounds in one sum shall be Life Subscribers, with the privileges of Subscribers of One Guinea.

Every Annual Subscription shall be considered as due on the first day of January in each year, unless a written notice withdrawing

such subscription shall have been sent or given to the Secretary at least one month before that day. No Governor shall be entitled to vote at any Board who was not a Governor for the preceding year, and whose subscription for the current year shall be six calendar months in arrear at the time of the Meeting. And no Governor or Subscriber whose subscription shall be in arrear for six calendar months shall be entitled to recommend Patients.

At every General or Special General Board every Governor shall be entitled to one vote, and to an additional vote for every further sum of Two Guineas beyond the first subscribed for the then current year. Life Governors who have at any time contributed £50 in one sum shall be entitled to two votes for every complete sum of £50 so contributed. Life Governors who have contributed £30 in one sum shall be entitled to one vote for every complete sum of £30 so contributed. Life Governors who are also Governors by virtue of annual subscriptions shall be entitled to votes in respect of both qualifications. The Employees of every Employer who contribute not less than £10 per annum to the funds of the Hospital may send to the Secretary on or before 28th day of February in any year the name and address of one of their number for every complete sum of £10 so contributed, together with a certificate signed by the Employer or some one authorized by him that the person whose name is so sent is *bona fide* in his employ, and every such person provided he remains so employed shall be considered a Governor for the year ensuing and be entitled to one vote, but this rule shall not prevent such Employees as aforesaid sending to the Secretary as before mentioned the same name in respect of more than one complete sum of £10, in which case each such person shall be entitled to one vote for each complete sum of £10 in respect of which his name shall be so sent in. Provided that, save as in this clause mentioned, no collective subscription shall confer the right of voting. Provided also that no Governor shall be entitled to more than twenty-five votes altogether, exclusive of the casting vote of the Chairman. Votes may be given either in person or by proxy, but no person shall be appointed a proxy who is not a Governor. In case of equality of votes the Chairman shall have a casting vote in addition to any other vote or votes to which he may be entitled under these rules, and unless otherwise provided by these rules all matters shall be decided by a majority of the votes of the Governors present in person or by proxy and voting.

A proxy shall be lodged with the Secretary not later than 12 o'clock on the day before the meeting unless that day be a Sunday. If such day be a Sunday then the proxy must be lodged as aforesaid not later than 4 o'clock in the afternoon of the Friday before the meeting. Every instrument of proxy shall be issued by the Secretary, and shall be in such form as the Committee shall from time to time determine.

Regulations for Patients.

IN-PATIENTS.

Such persons only shall be eligible for admission as In-patients as are unable to pay for medical attendance and support outside, according to the urgency of the case and the accommodation available.

With the exception of necessitous cases, In-patients are required to contribute 21s. per week towards the cost of their maintenance; free treatment will, however, be given as heretofore to all patients who satisfy the Almoner of their inability to pay the above charge.

Patients shall present themselves with the necessary notes for admission between 10.30 and 11 a.m. daily (Sundays excepted). They are to be clean, to bring a change of linen, brush and comb, soap and towel. It is most essential, and will often prevent disappointment and inconvenience, if patients living at a distance from the Hospital, and wishing to be admitted, will first forward their notes, together with a certificate from their own doctor, to the Secretary at the Hospital, and notice will then be sent when there is a vacant bed.

Visiting days—Tuesdays, 6 to 7 p.m., Thursdays and Sundays, 3 to 4 p.m.

Patients suffering by casualties or other sudden emergencies requiring immediate attention shall be at all times admissible without notes.

Lying-in notes may be obtained free of charge on application at the Hospital on Mondays, Wednesdays, and Fridays at 11 a.m.

The Physicians and Surgeons visit the Wards as under:—

Mornings.

Dr. J. A. BIRRELL	Mondays and Thursdays.
Dr. C. BRUCE PERRY	Mondays.
Dr. H. J. ORR-EWING	Fridays.

Afternoons at 1.0 o'clock.

Mr. A. J. WRIGHT	Thursdays.

OUT-PATIENTS.

Out-patients will present their notes daily at 12.30 o'clock (Sundays excepted), and such persons only will be admitted as are unable to pay for suitable advice and medicine.

Out-patients, with the exception of necessitous cases, are required to pay a registration fee of 6d. at each attendance, and an additional 6d. for medicines or dressings, etc., when supplied. X-Ray, electrical, massage, and dental treatment, 1/- for each attendance. (The maximum payment to be paid in any week will be 2s.)

Insured patients are required to bring a note from their panel doctor, stating that Hospital out-patient treatment is necessary; they will be charged the same rates as other patients.

Free treatment will be given to all patients who satisfy the Almoner of their inability to pay the above charges.

Out-patients shall not attend for a longer period than two months without a fresh note, and any patient failing to attend for three weeks in succession will require to be re-admitted.

Gifts to the Hospital during 1938.

In order to economize as much as possible, the Lists of Gifts are not published, but the Committee again take an opportunity of thanking very sincerely all those who have sent during the year, for the use of the patients, Gifts of Books, Magazines, etc., Vegetables, Fruit and Flowers, etc., Harvest Festival Offerings and Game, Eggs, Butter, etc.

The Committee also express their grateful thanks to those who so kindly contributed gifts in money or in kind to the Christmas Fund. This Fund does much to brighten the lives of Patients and Nurses at Christmas time, and provides a useful present for every patient in the Hospital.

BRISTOL GENERAL HOSPITAL Needlework Guild.

1.—The object of this most useful Society is to supply garments and linen for the use of the Patients during their stay in the Hospital.

2.—Subscriptions are expended in providing Blankets and Quilts, or other articles which cannot be made by the Members.

3.—The duties of the Members of the Committee are to induce Ladies to become Members and to receive their subscriptions and work.

RULES OF THE BRISTOL GENERAL HOSPITAL NEEDLEWORK GUILD.

1.—Each Member to pay 1s. annually, and to provide two or more articles of clothing or linen.

2.—Work to be sent to your Committee Lady, with Subscriptions not later than Oct. 17th. The Exhibition of Work will be held on Thursday, Nov. 3rd.

3.—Committee Ladies are requested to send work and Subscriptions to the Matron not later than Oct. 29th.

N.B.—It would be of great assistance to Matron and Secretary if Committee Ladies would kindly send with their work two separate lists :—

1. Detailed List of articles (no members' names) and the amount of money sent.

2. An Alphabetical List of Members' names only, on one side of the paper foolscap, if possible.

Report of the Needlework Guild Committee for the Year 1938

THE Committee have much pleasure in presenting their Thirty-sixth Annual Report.

The number of articles sent in last year was 6005, the highest yet received, and an increase of 446 on the previous year. The subscriptions amounted to £426 12s. 3d., and were about £5 less.

The Exhibition of Work was held on November 3rd. We were all delighted to welcome our President, The Hon. Mrs. Smyth, who was most appreciative in her thanks to all the members. Miss Hilda P. Wills, the President of the Hospital, and Mr. F. M. Burris, the Vice-Chairman, were also present and added their thanks for the continued support and keen interest in the Guild. They stressed the needs of the new Radiological Department in particular, which would serve a wide area in the West of England. Mrs. Hall Warren, in support, mentioned that the Chairman of the Guild, Mrs. Ruding Davey, was unavoidably absent, and said how much she regretted the absence through illness of the Hon. Secretary, Mrs. Pinniger.

The tea was much appreciated, and it was felt that the issue of separate tickets to the tent was most helpful. The organization devolved on the Matron and her Staff, and we are most grateful to them all for their keen co-operation and splendid results.

There are few changes to report on the Committee. We much regret the death of Miss Bailey, who as Sister Thomas, had been connected with

the Hospital and the Guild for many years. We are specially sorry to lose Miss Bowring, of Keynsham, for that district has been represented by a member of her family since the formation of the Guild.

In conclusion your Committee think that the members of the Guild can well congratulate themselves on the success attending their efforts during the past year, and would express their sincere thanks to all those who have contributed to this happy result. They face the future confident of the same loyal support that they have received in the past—fully aware of the necessity of their continued efforts in furtherance of the great work of the Bristol General Hospital.

It is with very great regret your Committee reports that Mrs. Pinniger feels compelled to resign her post of Hon. Secretary, on account of ill-health, at the end of the year.

Mrs. Pinniger has been untiring as Hon. Secretary since 1918—a long and devoted period. It is interesting to know that she followed after the splendid work of Mrs. Granger Stock, who not only founded the Guild in 1903, but was Hon. Secretary until her retirement in 1918. It will be noted that the fortunes of this wonderful Guild have been guarded and fostered by only two Hon. Secretaries during these thirty-six years.

When Mrs. Pinniger took over her duties they were much lighter than they are to-day. In the Report of 1918 the articles given then numbered 3186 and subscriptions £258 11s. 6d. ; while in the 1938 Report the articles were 6005 and subscriptions £426, nearly double what they were twenty years ago.

The Guild therefore owes a great debt of gratitude to Mrs. Pinniger. Your Committee is sure all are united in expressing this, as well as their heartfelt wishes for her complete recovery and pleasure to know that she will remain an active member of the Committee.

Your Committee is very pleased to report that Mrs. Douglas Tasker has kindly accepted an invitation extended to her to become Hon. Secretary in succession to Mrs. Pinniger, and feels sure the appointment will meet with unanimous approval, and that the members of the Guild will extend a very hearty welcome to Mrs. Tasker so that she will enter on her duties assured of their united co-operation and support.
